

Housing First Summit

Hosted by the Humboldt Housing and Homeless Coalition

Keynote Speaker:

Sam Tsemberis, Ph.D.

Mr. Tsemberis was featured in the Washington Post as the outsider who accidentally solved chronic homelessness. He is the founder and CEO of Pathways to Housing and developed the Housing First Program which has proven results across the Nation.

The summit will also feature education and training led by **HomeBase**, a nonprofit public interest law firm dedicated to ending homelessness. If you're interested in learning more about why Housing First is the most effective model for addressing homelessness, please join us.

Organizations that wish to promote their efforts to reduce homelessness with displays and other informational materials are welcome to do so as space allows.

Space is limited and registration is required. Please RSVP by emailing:

DHHS_TES@co.humboldt.ca.us

ASL and Spanish will be available. Please communicate any access needs in your RSVP.
