SUMMARY OF THE 2016 NOTICE OF FUNDING AVAILABILITY (NOFA) FOR THE CONTINUUM OF CARE (COC) PROGRAM

BACKGROUND

The CoC Program (24 CFR part 578) is designed to promote a community-wide commitment to the goal of ending homelessness; to provide funding for efforts by nonprofit providers, States, and local governments to quickly re-house homeless individuals, families, persons fleeing domestic violence, and youth while minimizing the trauma and dislocation caused by homelessness; to promote access to and effective utilization of mainstream programs by homeless; and to optimize self-sufficiency among those experiencing homelessness.

Each year the U.S. Department of Housing and Urban Development (HUD) releases a Notice of Funding Availability (NOFA), signifying the beginning of a funding competition among approximately 450 Continuums of Care (CoC), the community stakeholder groups that guide local responses to homelessness. The 2016 CoC NOFA was released on June 29, 2016, opening the competition making available **approximately \$1.9 billion** to serve homeless people nationally. The information in the NOFA sets forth the competition rules and processes for 2016. This summary includes the highlights of the NOFA; additional guidance will be shared once the FY2016 CoC NOFA broadcast is made available.

Before the application is submitted to HUD, the CoC is required to hold a local competition to determine which projects will be included in the consolidated application, along with their relative priority. The results of the local competition dictate for which projects the CoC will seek funding. Additional information about project application requirements and standards will be available at the upcoming TA Workshop. Additional details about anything in this summary can be found in the NOFA, available at:

<https://www.hudexchange.info/resource/5068/fy-2016-coc-program-nofa/>

HIGHLIGHTS OF THIS YEAR'S NOFA

- The CoC application remains largely the same as last year, focusing heavily on HMIS and other data, using system level performance measures. Again, the NOFA and scoring criteria are very focused on HUD's policy priorities, including making strong progress on ending chronic, veteran, youth, and family homelessness and implementing Housing First system-wide.
- This year the Permanent Housing Bonus is smaller (5% of FPRN compared to 15% last year), but as with last year, is available to create multiple projects and can be used for either (1) new permanent supportive housing projects that will serve 100% chronically homeless individuals and families or (2) rapid re-housing projects that will serve individuals and families coming directly from the streets, emergency shelters, or are fleeing domestic violence or other persons who meet the criteria of paragraph 4 of the definition of homeless.

HUMBOLDT COUNTY FY2016 COC PROGRAM LOCAL COMPETITION PUBLIC SOLICITATION

- As in past years, the funding that CoCs can apply for is divided into tiers, with projects prioritized in Tier 1 being more likely to be funded than projects of lower priority that fall into Tier 2. Tier 1 is bigger than last year (up from 85% to 93% of ARD), so more projects can be protected.
 - Projects in Tier 2 will be selected and funded based on a score related to: the overall CoC score, the project's ranked order, project type, and Housing First implementation. However, the weight of these factors has changed, with an increased emphasis on local ranking.
 - CoCs are expected to critically evaluate projects for ranking purposes.
 - Tier 2 will be equal to 7% of annual renewal demand plus Permanent Housing Bonus amount (last year it was equal to 15% of annual renewal demand plus Permanent Housing Bonus amount).
 - Bonus projects will be ranked and reviewed in the same way as other projects.

DIFFERENCES FROM LAST YEAR'S NOFA

While the 2015 CoC NOFA and the 2016 CoC NOFA are very similar in form and content, there are a few distinctions, highlighted in this section.

- As noted in the Registration Notice, the FY 2016 Appropriations Act requires that for this NOFA:
 - CoCs cannot receive grants for new projects, other than through reallocation, unless the CoC competitively ranks projects based on how they improve system performance.
 - HUD must base an increasing share of the CoC score on performance criteria.
 - HUD must prioritize funding for CoCs that have demonstrated the ability to reallocate resources to higher performing projects.
- In accordance with the Appropriations Act, the NOFA has some minor changes in scoring to the CoC application, with increased focus on review and rank processes and two new scoring factors: Reallocation (4 points) and System Performance Measure reporting (10 points) (and a few other changed a bit). Leveraging (1 point) was removed from 2016 scoring.
- As noted above, Tier 2 scoring was reconfigured to put less weight on CoC score and project type and more weight on ranked order within Tier 2.
- HUD may issue up to two conditional funding announcements for this competition, which it did last year, even though it intended to have one announcement.
- This year's NOFA included additional clarifications about application deficiencies and which are curable.
- New this year, HUD will provide a debriefing to a requesting applicant after awards are announced. Details can be found in the NOFA.
- New permanent housing projects will be evaluated using the same criteria regardless of whether the CoC has identified them as bonus or reallocation projects. HUD may reclassify permanent housing projects if warranted.
- Program income may again be used as a source of match.
- The NOFA included a note that HUD encourages all applicants to ensure public decision making and meaningful participation by residents of affected areas and communities traditionally

marginalized from planning processes. Applicants should ensure compliance with all relevant laws related to disability or limited English proficiency.

HUD'S HOMELESS POLICY AND PROGRAM PRIORITIES

CoCs and Project Applications will be evaluated based on the extent to which they further HUD's policy priorities. Aligned with *Opening Doors: The Federal Strategic Plan to Prevent and End Homelessness*, the policy priorities set forth in the NOFA are:

1. **Creating a Systemic Response to Homelessness** by developing systemic supports that assure homeless assistance is well coordinated, well managed, inclusive, transparent, and achieves positive outcomes, by:
 - Measuring system performance
 - Creating an effective coordinated entry system
 - Promoting participant choice
 - Planning as a system
 - Making the delivery of homeless assistance more open, inclusive, and transparent
2. **Strategic Resource Allocation** based on performance evaluation and data of all resources, including:
 - Comprehensive review of projects and reallocation when it would reduce homelessness
 - Maximizing the use of mainstream resources
 - Leveraging resources through partnerships (PHAs, philanthropy, etc.)
 - Reviewing the efficacy of transitional housing
 - Administering programs in the most integrated setting appropriate for individuals with disabilities
(added since CoC Registration Notice)
3. **Ending Chronic Homelessness**
 - Targeting permanent supportive housing beds to chronically homeless people by prioritizing for entry within each project's structure consistent with Notice CPD 14-012
 - Increasing units for chronically homeless people
 - Improving outreach
4. **Ending Family Homelessness**
 - Ensuring access to housing resources for families, such as rapid rehousing, affordable housing units, permanent supportive housing
5. **Ending Youth Homelessness**
 - Understanding the unique needs of homeless youth and reaching out to youth-serving organizations to help them fully participate in the CoC
 - Meeting the needs of homeless youth, including Lesbian, Gay, Bisexual, Transgender, and Questioning (LGBTQ) youth and victims of trafficking
 - When evaluating the performance of youth programs, taking into account the specific challenges faced by homeless youth
6. **Ending Veteran Homelessness**
 - To the extent possible, prioritizing veterans and their families who cannot be effectively assisted with Department of Veterans Affairs (VA) services for CoC-funded services
 - Coordinating CoC resources with VA-funded housing and services (e.g., HUD-VASH, SSVF)

7. **Using a Housing First Approach**

- Using data to quickly and stably house homeless persons
- Engaging landlords and property owners
- Removing barriers to entry, such as poor credit history, lack of income or employment, or sobriety
- Adopting client-centered service methods

HUD DEADLINES AND TIMELINE

June 29, 2016: 2016 CoC NOFA is released.

On or after July 6, 2016: applications will be made available in *e-snaps*.

By July 22, 2016, 5:00 PM local time: All changes to the FY2016 Grants Inventory Worksheet (GIW) after the final HUD approval process must be submitted for approval by the local HUD CPD Field Office, in consultation with HUD Headquarters. HUD will not consider any changes that would increase a CoCs annual renewal demand after this date.

By August 1, 2016: CoCs must submit 2016 System Performance data in HDX.

On or after August 5, 2016: HUD will issue a Final ARD Report that will include each CoC's PPRN, ARD, CoC Planning, and Permanent Housing Bonus amounts available.

APPLICATION STRUCTURE

The CoC Consolidated Application is made up of three parts:

- **CoC Application:** Includes information about the CoC planning body, governance structure, overall performance, and the strategic planning process. This part of the application is scored and will determine the order in which CoCs are funded.
- **Project Applications**
- **CoC Priority Listing:** Ranks projects in order of priority and identifies any project applications rejected by the CoC.

RANKING INFORMATION

CoCs will be required to rank all projects submitted by project applicants in e-snaps, except CoC planning projects. Ranked projects must include renewal projects, new projects created through reallocation, and permanent housing bonus projects. CoCs should consider the policy priorities established in the NOFA in conjunction with local priorities to determine the ranking of projects. The Collaborative Applicant will be required to certify that there is a demonstrated need for all ranked permanent housing renewal projects on the Renewal Project Listing. All projects must pass HUD's eligibility and threshold requirements to be funded, no matter their priority.

TIER 1

The amount of funding available for Tier 1 is equal to 93 percent of the CoC's annual renewal demand. HUD will conditionally award projects from the highest scoring CoC to the lowest scoring CoC. Projects should be placed in priority order, as in the event that HUD is required to drastically reduce the total amount of funds available, the Tier 1 amount per CoC will be reduced proportionately among all CoCs, which could result in some Tier 1 projects falling into Tier 2.

TIER 2

The amount of funding available for Tier 2 is equal to the difference between Tier 1 and the CoC's annual renewal demand plus any amount available for the permanent housing bonus. Funding will be determined by the point value of each project application based on a 100-point scale. All Tier 2 projects will be funded in point order starting with the highest scoring CoCs.

Tier 2 points are awarded as follows:

- **CoC Score:** Up to 50 points in direct proportion to the CoC score
- **CoC Ranking:** Up to 35 points for the CoC's ranking of the project application(s), with the 35 points spread evenly across the Tier 2 funding amount. Higher ranked projects get more points, however the formula used to award points gives a disincentive to large projects.
- **Project Type:** Up to 5 points will be based on the type of project and the population served
 - 5 points for renewal and new Permanent Housing, renewal Safe Haven, Homeless Management Information System, Supportive Services Only for Coordinated Entry System, or Transitional Housing that exclusively serves homeless youth
 - 3 points for other renewal Transitional Housing
 - 1 point for other renewal Supportive Services Only project applications
- **Commitment to Policy Priorities:** Up to 10 points for Housing First commitment
 - For Permanent Housing: Will receive points based on how the project commits to applying the Housing First model
 - Homeless Management Information System and Supportive Services Only for Coordinated Entry System projects: Will automatically receive 10 points
 - Transitional Housing and other Supportive Services Only projects: Will receive points based on how the project demonstrates that it is low-barrier, prioritizes rapid placement

**HUMBOLDT COUNTY FY2016 COC PROGRAM

and stabilization in permanent housing and does not have service participation requirements or preconditions to entry (such as sobriety or a minimum income threshold).

STRADDLING TIERS

For any projects that straddle the two tiers, the process for funding them is the same as last year. The Tier 1 portion will be funded in accordance with Tier 1 processes and the Tier 2 portion will be funded in accordance with Tier 2 processes. HUD may award project funds for just the Tier 1 portion, provided the project is still feasible with the reduced funding (e.g., is able to continue serving homeless program participants effectively).

PLANNING COSTS

As with last year, applications for planning costs will be unranked. CoCs may only submit one application for CoC planning costs and it must be submitted by the Collaborative Applicant that is listed on the CoC Applicant Profile in e-snaps. CoC planning projects that pass eligibility and review threshold will be conditionally selected using CoC scores from the highest scoring CoC to the lowest scoring CoC.

ELIGIBLE NEW PROJECTS

Eligible Permanent Housing Bonus Projects	Eligible Reallocation Projects
<ul style="list-style-type: none"> • New permanent supportive housing projects that will serve 100 percent chronically homeless families and individuals • New rapid re-housing projects that will serve individuals and families who come directly from the streets, emergency shelters, or are fleeing domestic violence or other persons who meet the criteria of paragraph (4) of the definition of homeless 	<ul style="list-style-type: none"> • New permanent supportive housing projects where all beds will be dedicated for use by chronically homeless individuals and families • New rapid re-housing to serve homeless individuals and families coming directly from the streets or emergency shelters or persons fleeing domestic violence situations and other persons meeting the criteria of paragraph (4) of the definition of homelessness • New Supportive Services Only (SSO) project specifically for a centralized or coordinated assessment system • New dedicated Homeless Management Information System (HMIS) project

New permanent housing projects will be evaluated using the same criteria regardless of whether the CoC has identified them as bonus or reallocation projects.

QUICK HINTS FOR PROJECT APPLICANTS

- **DUNS/SAM Registration:** Project applicants are required to register with Dun and Bradstreet to obtain a DATA Universal Numbering System (DUNS) number, if they have not already done so, and complete or renew their registration in the System for Award Management (SAM)
- **Required Reading:** Project applicants should read the CoC NOFA, CoC Program Interim Rule, and the General NOFA.
- **Up for Renewal:** All CoC-funded projects (i) that expire in Calendar Year 2017 or (ii) that were originally awarded in the FY 2010 Homeless Assistance Programs Competition and, notwithstanding the expiration date, have not renewed in a previous competition, should be on the Grants Inventory Worksheet and be applying for renewal funding this year.
- **Match:** Program income may now be used as a source of match.
- **Increasing to Housing Line Items:** As has occurred in recent years, after submission, HUD is required to adjust awards for leasing, operating, and rental assistance budget line items based on changes to the Fair Market Rents (FMR).
- **Consolidation:** HUD encourages the consolidation of renewal grants when the grants are with the same recipient, have the same component and expire in the same year, however, projects that have not yet been consolidated must submit separate project applications for individual renewal grants. Consolidation can occur at grant agreement execution, with some limitations.
- **CoC Technical Review:** Again this year, HUD expects each CoC to implement a thorough review and oversight process at the local level for both new and renewal project applications. Specifically, HUD requires that each CoC review all applications to ensure that: program participants and proposed activities are eligible, each project narrative is fully responsive based on the question and detailed instructions, the data in the application is internally consistent, and all required attachments are accurate, complete and dated correctly.
- **Indirect Costs:** Applicants selected for funding may charge indirect costs to the award. Applicants with an approved federally negotiated indirect cost rate must submit with their application a copy of their approved Indirect Cost Rate Proposal to substantiate their request. Applicants that do not have an approved federally negotiated indirect cost rate may charge a maximum rate of 10 percent of modified total direct costs.
- **Prioritization:** Renewal projects that indicated they would prioritize chronically homeless persons in beds that become available through turnover in non-dedicated permanent supportive housing projects must continue to do so.
- **Clarification about Category 4 Eligibility:** Persons who are fleeing or attempting to flee human trafficking, including sex trafficking, may qualify as homeless under paragraph 4 of the “homeless” definition (fleeing domestic violence).
